MINUTES OF THE GOVERNOR AND COUNCIL

[Royal arms used in the session laws of May and July, 1715.]

A COPY of the printed Journals of the House of Representatives of his Majesty's Province of the Massachusetts-Bay in New England for the session which began at Boston on May 25, 1715, was given to Samuel Sewall by the printer, Bartholomew Green, on July 12, three weeks after the Governor had in angry mood prorogued that body. Stung by a slighting comment passed by Governor Dudley on their proceedings, the members of the House determined to print the full Journal of the session, as the best means of defending themselves. Thus began a practice of printing the Journals of the House which was continued in an almost unbroken series till the Revolutionary War. The convenience of having the record in such a form would alone have justified the publication; as time passed, the political advantages were also recognized, and the long controversies arising between the Governor and the House, or between the Council and the House, led to many papers, worthy to be called state papers, being spread upon the pages of the Journals. Such publications were intended more for the constituents of the House than for any effect they could produce upon those immediately engaged in the controversies; and, in the absence of an active press, the political questions received their discussion in messages, addresses, declarations, or the more formal proclamations, — the most final of all expressions of opinion.

The beginnings of this publication were small and uncertain. The clerk of the House was directed to prepare a copy of the Journal, and the representatives of Boston were desired to take care that the printing was seasonably done. The question of cost does not appear to have been considered at this time; but the expediency of continuing to print was at once recognized, and in the second session of this General Court measures were taken to learn the cost, and provide for the future regular appearance of the votes or minutes during the session. On June 30, 1715, the representatives of the Town of Boston were again desired to take the care of printing the Journals of the session, and "to Treat with a Printer about the Terms upon which they may be Printed here after."¹ Green was at this time printer to the Governor and Council, and appears to have been the only printer who submitted an estimate. He offered to print the Journals of the House "and all the other Printing directed by the Government, for the space of Seven Years next coming; and to furnish each Member of this Court, with a Copy of the said Votes, free of charge, on each *Tuesday, Thursday and Saturday*, of the several Sessions, during that Term, upon his being Allowed *Thirty Pounds per Annum* for his Service."² This offer was accepted by the House, and the concurrence of the Council was desired, but not given. The session came to an end while the matter was before the Council,

Council, and so the care of the printing of the Journal fell upon the representatives of Boston, "upon the foot of the Agreement with Mr. *Green* the Printer."

Thus for three sessions the House of Representatives took upon itself the printing of its votes and minutes, without any encouragement from the Governor and Council. The fourth and last session began on November 23, and continued until December 22, but the Journal was not printed, as the following entry in the proceedings in the House on June 27, 1716, proves: "An Accompt of Bartholomew Green, for Printing the Journal of this House, in their Sessions begun in May, July and August, the last Year, and finding Paper, Folding and Stitching them, Amounting to the Sum of *l.22 17s. 6d.* Presented to the House for Payment"—and allowed. Had the Journal of the November session been printed, it would have been mentioned with the others.

It is to be noticed that in each case the entire session was printed as one piece, and without title-pages. The form adopted was modelled after that of the printed laws, and had been used by the Governor and Council when they issued any resolves of the General Court. I have found one such resolve in the collections of the Boston Athenæum, and have reproduced it in a reduced form to serve as a frontispiece to this volume. It is the only issue in that form that I have seen, and might easily be mistaken for a page from the printed Journals, although no Journals were printed until 1715.

In default of the Journal of the House of Representatives for its November session (and the original manuscript records were long since destroyed), I have given the minutes of the Governor and Council during the sitting. Partial though this record is, so far as the proceedings of the House are concerned, it is better than nothing, and at least shows what business was sent up from the House. The minutes may also be accepted as the best contemporary record of public business, as they alone were copied to be sent to the English ministry, and not until the practice of printing the House Journals was introduced were these latter sent in like manner to the British authorities.

The political history of this session calls for little notice, as it turns more upon the change in the governorship than on any other factor. I have so fully described in another place the contest between the Governor and the Council for control of the government on the death of Queen Anne, that there is no necessity for attempting a summary of that intrigue.¹ Governor Dudley was restored to power by the act of the King, but enjoyed the office only a short time. For about a month before the date of the session it was known that Col. Elizeus Burges had been appointed Governor.

It would be unprofitable to exhume Elizeus or Elisha Burges from the oblivion which now engulfs him. Perhaps it would be unkind to do so, for the little we know of him is not greatly to his credit. There was a commission issued from Kensington, 13 March, 1693, appointing him to be "Brigdr and Eld-Lieut." in the Second Troop of Life Guard, but he had dropped from the regiment in 1694. We know that he served under General James, afterwards Earl Stanhope, in Spain, perhaps participating in the capture of Minorca in 1708, and in the surrender at Brihuega in 1710. Stanhope became second Secretary of State in 1714, under George I, and Hutchinson tells us that it was by Stanhope's interest that Burges was appointed in February, 1715 (the commission passed the seals March 17), and Sir William Ashurst wrote that the General (Stanhope) had promised to be answerable for his (Burges) good behavior.²

If Dudley was already discontented, the intelligence of the new appointment was not fitted to soothe his feelings. Bodily ills came to him as an added discomfort, and the first day of the sitting found him confined by a fit of gout to his house in Roxbury.

Roxbury. He gave a *Dedimus* to Col. Phillips, Col. Lynde and Judge Sewall to administer the oaths to the Deputies. This they did, and listened to the election sermon of Rev. Jeremiah Shepard, of Lynn, who preached from Isaiah lxiii. 12: "That led them by the Right Hand of Moses, with His Glorious Arm, Dividing the Water before them, to make Himself an Everlasting Name." A single sentence of this discourse will show its tendency: "A work never to be forgotten, is the Lord's preparing this wilderness for his people when he swept away thousands of those salvage Tawnies (those cursed Devil worshippers) with a mortal Plague, to make room for a better People."¹ The Deputies then dined at the Green Dragon, and later elected the Councillors, all of whom were satisfactory to the Governor except Nathaniel Byfield, long an object of Dudley's personal dislike.

It was not until May 31 that the Governor was able to come into Boston, and in the following fashion: "Was carried in Cous. Dummer's Sedan: but twas too tall for the Stairs, so was fain to be taken out near the top of them. He vehemently urg'd passing the Ministers' Motion for a Synod."² Thus it happens that there was no message or paper from the Governor at the opening of the session. For the first time in his long and not untroubled career, Dudley had nothing to say or to write to the Great and General Court. Bodily ill may in part account for this omission, but it may also be assumed that mental distress played a share in making the Governor silent on this occasion. The representative of the King in the Province followed the practice of the King at home, and the message to the Assembly was the counterpart of the message or King's speech in Parliament at the beginning of the session.

The cause of the printing of the Journal is given on page 34 of this publication, and bears every evidence of being a true account. The Governor was not a man who softened his expressions of opinion. Sewall's *Diary* gives a number of examples, where, perhaps, the zeal of a partisan has not made the words any gentler than the reality and may have added somewhat to their force. "A Committee brought in something about Piscataqua. Gov^r said he would give his head in a Stand-Basket as soon as he would pass it." When Dummer was appointed agent of the Province in England, Dudley, to whom he was obnoxious, burst out that "he will be drawn asunder with wild horses, before he will be thrust upon as last year." It will be interesting to add the version of Judge Sewall: "Tuesday, June 21. In the Forenoon Gov^r signifies his Intention to prorogue the Court; had sat 4 weeks and done nothing, were distemper'd. Bill for the Tax Read; I express'd my desire that the voting of it might be left to a longer time, at least to the afternoon: but the Gov^r would have it voted then; and it past in the Negative because 't was but for 11,000*£*. I voted not because of great moment, and so suddenly call'd for. Deputies are sent for in, and the Court prorogued to the 20th July at 10. M."³

While the appointment of Burges was well known in the Province, no official notice from the ministry had been received when the Assembly met on the day appointed. Dudley desired a short session, and in fact there was little to be done beyond providing the treasury with money and paying some regard to the condition of the bills of credit, already threatened with disparagement, and a menace to sound public credit. These two questions, however, were precisely the two questions on which there was the greatest difference of opinion between the House and the Council. The former, as the popular body, responded more quickly to the wishes of the people; and the people had tasted of the first delights of a resort to paper money, and began to see in that dangerous instrument a means of relieving themselves of the necessity of taxation, while supplying a medium of exchange. The House would divide the amount of the tax already passed and submitted

to the authorities in England, postponing the collection of one-half of it to a later year. To this the Governor and Council were greatly opposed, and thus arose the dead-lock between the two bodies. The session continued to August 1, without result, and thus another session, from August 24 to 27, was made necessary, but again with only partial results so far as the principal issues were concerned. The Governor prorogued the Assembly to September 28, and on September 22 issued a proclamation proroguing the meeting to October 26. These were among the last acts of Dudley's official career.

After the Governor had issued this proclamation an incident occurred of some interest. A new Secretary of the Province, Samuel Woodward, arrived bringing a letter of recommendation from the new Governor, Colonel Burges, addressed to the President and Council. The day after his commission was produced a Council meeting was held, and Sewall gives at length what passed:

"Gov' sits by the side of the Table facing to the South; L' Gov' [Tailer] in one of the South windows. The Comissions were produc'd and Read, Oaths given. Then the L' Gov' stood up and with deference enquired whether his Comission did not supersede the Gov'. The Gov' answered No. L' Gov' said he reckon'd himself oblig'd to propound it, Should rest in the Council's Opinion. Some Debate was had. Col. Hutchinson propounded there might be a fuller Council. Others said 't was requisite it should be imediatly determin'd. Capt. [Andrew] Belchar answered in the Negative. Mr. [John] Clark seem'd to hesitat. I express'd my self that I was of Col. Hutchinson's mind, but if my answer was now expected, I said that, seeing the L' Gov's Comission directed him to Govern by the Comission and Instructions of Gov' Burgess, in case of his death or absence, I was of Opinion that the L' Gov's Comission did not impower him to be Comander in Chief of this Province: Because neither the Comission nor Instructions, Nor any Authentick Copy of them, refer'd to in it, were arrived. L' Gov' did not like the Vote should be so put. 'T was propounded to put it, whether the Governour did not abide.

"The Gov' call'd for the Proclamation, which was read. L' Gov' said, Now other provision was made, he had a Comission from King George. Mr. Cooke said, making other provision refer'd to the charter. Others said, The clause refer'd to what was pass'd, not to what was to come hereafter. At length the Gov' dictated to the Clerk to this purpose, Whether the Government was devolved on the Lieut. Gov', the Comission of Gov' Burgess, nor any copy of it, by which was to govern, not being arrived. It was *Nemine contradicente*, carried in the Negative. [Wait] Winthrop, Cooke, Elisha Hutchinson, [Samuel] Sewall, Joseph Lynde, Eliakim Hutchinson, [Andrew] Belchar, [Edward] Bromfield, [John] Clark, [Addington] Davenport, Thomas Hutchinson, All Noes."¹

The attempt to throw Dudley from the Governor's chair was thus foiled for the time, and to escape further contest with the Assembly he again postpones the day of meeting:

"Third-day 8^r 18. The Gov' prorogues the Genl Court to the 23^d Nov'. I and Mr. Clark voted against it. Gov' pretended Deference to Gov' Burgess in doing it, in expectance of his Arrival; but in the Proclamation, never read to the Council, he said nothing of it, which was gravaminous to some."¹ His opponents had not been idle, and were intent upon obtaining from England the papers needed to establish their contention. Early in November the needed copy of Col. Burgess's commission reached Boston, and the government devolved on Lieutenant Governor Tailer. It was Dudley's old opponent, Colonel Byfield who brought the commission, and inveighed against "our Agent Duñer for betraying him after Duñer had given him his Word and Hand that he had done with Dudley." There was nothing for Dudley to do but to acquiesce in the act of the King, and so it was the new Lieutenant Governor who met the Assembly in its November meeting.

The

The newspaper of the day gave an account of the ceremonies attending the change of head, and the notice of the next session of the General Court :

“On Wednesday last an Exemplification of His Majesty’s Most Gracious Letters Patents, bearing date the 17th of *March* last, Constituting, and Appointing *Elizeus Burges* Esq; His Captain General, and Governour in chief in, and over this His Majesty’s Province of the *Massachusetts-Bay*, were Read, and Published; upon which the Cannon of the Castle, and the South Battery of the Town were discharged.

“Then the Honorable *William Tailer* Esq; Lieut. Governour of the said Province, by virtue of the Powers, and Authorities there into him granted, and His Majesty’s Commission to him, bearing date the 28th of *April* last, (being first duely Sworn) Issued forth a Proclamation, by, and with the Advice and Consent of the Council, Requiring all Officers Civil, and Military, to continue in, and proceed to the Execution and Discharge of their respective Trusts, and Offices, till further Order.

“After which the Honourable Lieut. Governour invited the Counsellors, the Representatives of *Boston*, and the Gentlemen present to his House, Where His Majesty’s, the Prince’s, and all the Royal Family’s Health were Drank, as also Col. *Burges’s*, Col. *Dudley’s*, and Prosperity to the Trade, and Welfare of this Province.

“I am Comanded to give Notice, That the Great, and General Court, or Assembly is appointed to meet upon Wednesday the 23d of this Instant *November*, it being the day to which it now stands Prorogued, and then to sit and do business; and all Persons therein concerned, are to take due notice thereof, and conform themselves accordingly.

“By the Honourable Lieut. Governours

“Boston, Novemb.
9th. 1715.

Command with Advice of the Council,
SAMUEL WOODWARD Secr.”¹

Sewall in his *Diary* describes the opening of the last session of this Assembly :

“Nov’ 23. L’ Gov’ makes a Cold Treat to the Councillours and Commission Officers. Was not a House in the Fore-noon. Mr. Speaker and many Deputies visited the L’ Gov’ A. M. A little after 3 L’ Gov’ proceeded to the Town House. I went on his right Hand, Col. Lynde on his Left; Capt. Dyer and two of his Officers went before him; before them, Mr. Winchcomb bare-headed, Two Trumpets, 4 Serjeants in red Cloaths with Horlberts. Major Gen’ [Wait Winthrop], Col. Hutchinson, Capt. Hutchinson met the L’ Gov’ at the Town-House. By [John] Cushing, [Nathanael] Norden, [Addington] Davenport, L’ G. sent Message to the Deputies; The Lieut. Gov’ is in the Chair and expects your Attendance. Seem’d to be out of Breath in reading his Speech.”

On November 24 Mr. Cooke and others brought a message from the Lieutenant Governor appointing an election to fill the vacancies in the Council—four in number.

“Dec’ 1. Election. Voted twice, and brought it to Nothing: Voters, 76. Major Bond who was the highest had 32. Deputies voted to chuse only one in the room of him Negativ’d: Council came not into it. I said, All or none.

“Dec’ 2. Voters 79. [Penn] Townsend chosen by 41 votes. 4th Stroke, Voters 75. Thomas Noyes Esqr. chosen by 53 Votes.

“Province of Main, Voters 71.

“Adam Winthrop Esqr. chosen by 52.

“At Large, Voters, 69.

“Nathan! Byfield Esqr. chosen by 60.”²

The choice was approved by the Lieutenant Governor, and the new Councillors took the oath. The advent to the Council Board of Col. Byfield foreshadowed trouble for Agent Dummer, who was unfortunate enough to antagonize this active politician. The Assembly in its August session had omitted to grant the usual allowance

¹ *Boston News-Letter*, 7-14 November, 1715.

² *Diary of Samuel Sewall*, III, 69.

allowance to Dummer, a measure in all probability instigated by Byfield. That the action was not entirely just to the Agent is shown by the grant of £200 made by the Assembly in its November session, but disallowed by the Lieutenant Governor.

“Xr. 21 Now about the Gov^r disallows the Votes for giving our Agent Mr. Dummer £200. And for continuing him Agent. I voted to the first but express’d my Doubtfulness as to the latter, when I heard what was pleaded by Col. Byfield as to his Unacceptableness to Gov^r Burgess, and the Ministers. I also Consider’d his giving up in print the place of the Attorney General as Reserv’d in the Charter to the King—and writ hardly to any of the Council: but very largely to the Speaker, and to Mr. White. Gov^r prorogues the Court to the 22^d of February.”¹

Dummer had warm supporters in the Province, and as a rule they were also supporters of Dudley. For example Rev. Eben Pemberton was “very warm about the Agent,” and regarded Tailer as a “usurper,” occupying a position that rightly belonged to Dudley. His wife was quite as good a politician, and asserted that the Agent had been handled barbarously, an opinion which led the pious Sewall, who received at the hands of Tailer on the next day a commission as Judge of the Superior Court, to remark: “The people made light of the errand of God’s people hither; indifferent”²—perhaps an early form of the creed that “to the victors belong the spoils.” Sewall’s position is all the more remarkable because he was a kinsman of Dummer; but his political creed was summed up in the dogma, “I was for upholding Government whether in or out of it.”³

Apart from the Journals this session was not rich in issues from the press. The election sermon was printed as usual, and the title-page was as follows:

“God’s Conduct of His Church | Through the Wilderness, | With His | Glorious Arm, | To make Himself an | Everlasting Name. | A | Sermon | Preached by Order of the Honourable | Representatives, of the Province of | the *Massachusetts-Bay*, in *New-Eng- | land*. Pastor | of the Church of *Lynn*. | . . . *Boston*, Printed by *John Allen*, for *Nicholas Boone*, at | the Sign of the Bible in *Cornhill*. 1715.” 12mo. pp. 34.

The session laws were also printed, and extend from page 253 to 268 of the contemporary issues. The laws passed in each session were:

JOURNAL

Of the House of

Representatives.

At a Great and General Court or Assembly of His Majesty's Province of the Massachusetts-Bay in **New-England**, begun & held at **Boston**, upon Wednesday the 25th Day of **May**, Anno Domini, 1715. And continued by Prorogation to Wednesday the 20th Day of July next after, and then Met.

MR. Speaker, sent up a Message to the Board, by Mr. *John Sterns*, That a Quorum of the House are met, and ready to proceed upon the business of the Session.

A Message from His Excellency by *Thomas Hutchinson Esq*; That Mr. Speaker and the whole House forthwith attend him in the Council Chamber.

Mr. Speaker and the House went up accordingly, and His Excellency made a Speech to the Court, whereof Mr. Speaker obtain'd a Copy, and with the House return'd to their own Chamber.

His Excellency's Speech, Read, and is as follows, viz.

GENTLEMEN

At the Last Sessions of this Assembly I earnestly recommended to you the Raising of 22000l. Granted & Determined by two former Assemblies of the Province, for the Drawing in of that Sum of the Province Bills, Raised & Emitted for the Support of the late War, and Troubles with the Indians; which said Acts of Assembly were Passed; by the Representatives, and the Council of the Province, and Presented to the Governour to be Sign'd, & Pass'd by the Seal in due manner and accordingly in that Form, were sent home, and are there of Record, and Accepted by the Right Honourable the Lords of the Council of Trade & Plantations, as I was commanded by the Instructions for the Government, of which every body Concerned, being apprized, I made no doubt you would without any Delay have Proceeded to Apportion, and Levy it as those Acts Direct; as also the Impost & Excise, which is thereby in like manner Determined, to be Raised in Aid, of the said Taxes severally; You are all sensible how well & thriftily, as well as successfully those Sums were Disbursed, and applyed to Defray the necessary Expenses of the War, and with what Honour your Bills Passed for the Support of those heavy Charges, without any Disparagement: And its as easy to see how the Credit of those Bills, must needs sink & fail, if the present or any future Assembly, shall upon any Pretence whatsoever, break in upon those Clauses in the said Acts, for the time of Payment, which I am willing to give my Opinion, We have no Power to do. Nor if we had, any reason at present to Project it, for that we are in Peace, and very capable to Discharge our Debts, in such Proportion as they are Determin'd, and since we have neither Power, nor need to delay the Payment, I am of Opinion we shall Disparage the Publick Faith of the Province, to that Degree that our Bills will fail in their Value, to the very great Injury of every Body that have taken them, or are in Possession of them; and in this we are justified by His Majesty's Most Gracious Speech from the Throne, "That nothing can Contribute more to the Support of the Credit of the Nation, than a strict Observance of Parliamentary Engagements.

K

I

I therefore earnestly Recommend the Consideration of the Tax, Impost and Excise to your present Resolves, and hope you will make no Delay but pass through them, in two or three Dayes, not admitting of any other business this Session.

You will also Remember, That the Treasurers Support in his Office, is not provided for, and others in Office at Home or Foreign depending on your Justice, and respect to them in such manner, as has been usual; which being done, I shall not further Delay your own Business, which Demand your being at home.

I shall Account my self happy to see these Affairs well agree'd, and there shall be nothing wanting on my Part for His Majesty's Service, the Honour of the Government, and the benefit of all His Majesties good Subjects concern'd herein.

In Consideration that the Trade of this Province, is greatly Obstructed, & sunk by the Exportation of the Coin, and for want of a Medium of Exchange, &c. the only Medium

now

now passing in Trade, is the Bills of Publick Credit, which are so far drawn in already, that by reason thereof the Inhabitants of this Province, will labour under great Difficulty to pay the Tax of Twenty two Thousand Pounds, granted to be raised this Year within the same. And Considering, That no Damage will accrue to the Publick, or to private Persons, the Possessors of the Bills: (this Court having abundantly secured the Credit of the Bills by making them a legal Tender) but Conveniency, and Advantage to both by Protraſting the Payment, of part of the said Tax to a further Convenient time.

Voted, That Eleven Thousand Pounds only of the said Sum, be Levied and Collected this present Year, and that the Impost and Excise be a Fund & Security for drawing in the Sum of Four Thousand Pounds more thereof.

Whereas

Whereas the Subjects of the *French King* are vigorously carrying on a very considerable Settlement at *Cape Breton*, which must necessarily demand large Supplies, of Provisions, Timber, Plank Boards, Nails, &c. for the well effecting thereof. And inasmuch as there are just Grounds to believe that some evil Minded Persons, in this as well as in the Province of *New-Hampshire*, in manifest contempt of the Fifth & Sixth Articles of a Treaty for a Neutrality, in *America*, between *England* and *France*, made at *Whitehall* the 6th of *November*, 1686. wherein it is Inserted, in the Fifth Article of the aforesaid Treaty, "That if any Ship or Vessel shall be found Trading or Fishing, contrary to the Tenour of the aforesaid Treaty, the said Ship or Vessel with its Loading, proof being made thereof, shall be Confiscated. Which Articles were lately sent from the Secretary of State to this Government, for their Observation thereof, and Printed & Published here. As also a Proclamation against a Commerce & Trade, with the *French* of *Canada*, *Cape Breton*, &c. Issued forth by Order of the Governour, with the Advice of the Council the 3d Day of *January* last past, and one other of the same Import, on the 29th Day of *March* last past, for the Lucre of gain have from time to time furnished the *French* at *Cape Breton*, with Live Cattel, Pork, Corn, Lumber, and other things, without which the aforesaid Settlement would have been very much Retarded, if not wholly Defeated.

Wherefore Resolved, That a Message be sent up to His Excellency the Governour to desire that he would be pleased to Order Capt. *Cayley* in His Majesty's Ship *Rose* after he has accomplished his intended Cruise to the *Eastward*, forthwith to proceed to *Cape Breton*, and there to Cruise as long as the Season will allow; to prevent the aforesaid clandestine Trade, which will be of great Service & Honour to the Crown: But if not timely done, may prove very injurious to this Province, with respect to the Fishery, which at all times deserves a very great Regard. And that the Commissioner be Instructed to proceed to *Cape Breton*, and acquaint the Chief Officer there of the Insults & Captions, made by the *Indians* & *French* amongst the Fishery, on the Coast of *Nova Scotia*, which the *Indians* do affirm was by the Instigation of the *French* at *Cape Breton*, from whom they have received great Presents; which is a manifest Breach of the Peace concluded between Her late Majesty, and the Most Christian King; and that this Government accordingly represent the same to His Majesty.

The Petition of *Samuel Sewall* Esq; pass'd upon in this House the last Session. Brought down from the Board, not having been pass'd upon there. Read again, and the Vote of this House thereon, and

Ordered, That the said Vote be Revived, and sent up for Concurrence.

The following Proposal presented to the House by the Subscribers. viz.

WE the Subscribers Proprietors of the Lands in Brunswick, Topsham, &c. being Desirous to make such a Settlement, as may be able to sustain a War with the Indians, Do acknowledge the Favour of the General Court, in their readiness to Encourage and Protect the intended Settlements, and particularly in the Repair of the Fort there; yet perceiving the House inclinable to a Wooden Fort, on account of the cheapness of it; We being sensible that as this Fort is set, so as to be a Bridle to the Indians: So if a War should arise, it may be Expected, they will leave no means untryed, to become Masters of it, towards which the Remoteness from Succour will give them great advantage, and considering how much the Lives & Estates there will depend upon the Strength & Security of that Fort; We have been Induced to make the following Proposal.

That whereas the Wooden Fort at Winter Harbour cost, as we are informed 400l. Pounds, when Provisions, & Labour were much cheaper, than at this time, We can't suppose such an one now would cost much less than 500l. Pounds; and a Stone Fort supposed to be much more Chargeable: Yet rather than the said Fort should be of Wood, and so liable to be Consumed by Fire, in case it should be Assaulted by French as well as Indians.

We Offer, That if the General Court will please to Allow Five Hundred Pounds, and let us now have the Fifteen Men, which are Designed for that Garrison, we will enter into Engagements to Repair & Finish the aforesaid Stone Fort: To be 50 Foot square, as proposed, with Four Bastions, Two of which of Wood on the Top of the Angle; at our own Charge, although it should amount to more than that Sum. And we shall set about it in a Weeks time if possible, and hope to finish it before Winter, if not Obstructed by the Indians. We desire to have Three Hundred Pounds of the said Sum as occasion shall require, to provide Materials, &c. and the remainder when the work is finished.

Boston, July 28th. 1715.

Memorandum,

It is agreed that the Foundation of the said Fort shall be Three Foot under ground, That the Wall shall be Three Foot Thick at Bottom, and at least Ten Foot High above the

Ground; and laid in Lime Mortar, with Barracks for Fifteen Men; to be built on or near the Spot where the Fort now stands.

A Message by *John Cushing, Nath^r. Norden & Addington Davenport* Esq' to the Represent^{rs}, To Acquaint M^r Speaker & the House, That the Lieu^t Governour & Council are fitting; And that the Honourable the Lieu^tenant Governour expects their Attendance on him forthwith in the Council Chamber.

M^r Speaker & the Represent^{rs} being accordingly come up; The Hon^{ble} the Lieu^t Govern^r made a Speech in the Words following, *viz*:

GENTLEMEN,

YOU are sensible His Majesty has been graciously pleas'd to Appoint his Excellency Col. *BURGES* Governour of this Province; His Comission has been lately Publish'd here, but some Important Affairs detain him still in *England*, and he may not be expected here before the Spring; Which makes it my Province to meet you at this Juncture, tho' later than usual, but I do it with great Satisfaction, because I am well assur'd of your Loyalty, and Affection to His present Majesty, and your Zeal for the Protestant Succession, which leaves no room to doubt but that you are come together with full Dispositions to Maintain the Honour of the Crown, and to promote the Interest and Weal of His Majesty's Good Subjects in this Province.

The great and insupportable Difficulty we now labour under with respect to our Trade, deserves your consideration this Seflion, and I hope you will find out some way for the Support and Increase of it.

Q

In

In your former Sessions you were pleas'd to give directions for the Reception of your Governour then Expected. In his Letter to the Council he has assur'd them that he has nothing so much at heart as the Welfare and Interest of this Province; You have in return the best Opportunity now of showing your good Inclinations to him by timely providing a Suitable House for him, which he has Signified to me would be very Acceptable to him, and which you may Expect he may requite in his readines to Serve you on all Occasions.

His Majesty has been pleas'd likewise to Appoint Mr. *Woodward* Secretary of this Province, which with the Character of his Excellency Col. *BURGES* has been pleas'd to give me of him, as likewise my Personal Knowledge of him since his Arrival, makes me with the greater freedom Recommend him to you for your due Encouragement.

You cannot Oblige me more than by giving me an Opportunity to Serve my Country, therefore what necessary Laws for the Good of the Province you may see cause either to Revive, or Enact, You may be fully assur'd of my ready Concurrence to them, while I have the Honour to Serve to my present Station: These and all other Matters referred to this present Session, will, I hope by your Application, and Unanimity be so dispatch'd, as will in a short time bring it to a happy Conclusion.

W. TAILER.

The Honble the Lieu' Govern' having ended his Speech deliver'd a Copy thereof to the Speaker & dismissed the House to their business.

John Appleton, John Higginson, John Cushing, Nath! Norden, Benj^r. Lynde & Samuel Browne Esq^r severally took the Oaths appointed by Act of Parliament to be taken instead of the Oaths of Allegiance & Supremacy, Repeated & Subscrib'd the Test or Declaration took the Oath of Abjuration, & the Oath of Councillour, as the Law directs.

A Message from the Represent^r by Cpt. *Oliver Noyes & M^r. Elisha Cook* requesting that an account of Colonel *Edmund Goffes* Proceedings at *Annapolis-Royal* may be laid before them.

The following Order pass'd in the House of Represent^r Read & Concur'd.

Upon Reading the Petition of *John Nelson* of *Boston* in the County of *Suffolk*, setting forth that *John Cotta Jun^r & Sarah* his Wife, *Bethia, Martha & Dorothy Wharton*, Spinsters, all of *Boston* aforesaid at the Inferior Court of Common Pleas for the said County of *Suffolk* held at *Boston* on the first Tuesday of *July* 1714, Commenced an Action or Plea of the Case against your Petitioners, setting forth that whereas they the said *Cotta &c* by a Letter of Attorney impowered your Petitioner to

fell

sell & dispose of an Estate in Land to them belonging in the Colony of *Rhode-Island* to their best Profit & Advantage & to render a true Account of the Proceedings therein to the said *Cotta &c*. And they in fact said that your Petitioner by Virtue of the said Letter of Attorney had sold & disposed of the said Lands for near Three Thousand Pounds, as it was said, nevertheless the said Petitioner tho' often thereto requested by the said *Cotta &c* utterly neglected & refused to render a just & true Account thereof, & to pay what of right belong'd to them out of the Proceeds of the s^d Lands to their Damage One Thousand Pounds, And your Petitioner gave Bond to appear at & abide the Judgment of said Court, w^h Action was continued to *October* Court then next following, But by Reason of the Demise of the late Queen, When it was suppos'd all Actions at that Court would fall, yet they were continued to the first Tuesday of *November*. When by Reason that your Petitioner lived upon an Island, & the then Extremity of the Weather, he could not appear, but made default, and Judgment was render'd against your Petitioner to render an Accompt within one month afterwards, or pay the Sum of Five hundred Pounds, & Cofts of Suit, And your Petitioner sheweth that being altogether unacquainted with the Judgment aforesaid, Did not Render an Accompt, Pursuant thereunto, Whereupon Execution was taken out against him for the Five hundred Pounds & Cofts; And as soon as your Petitioner had Knowledge thereof, He presented an Accompt to the s^d *Cotta &c*, Whereby it plainly, truly & honestly appears, That there is not one Penny due to the said *Cotta &c*. And tho' your Petitioner has sundry times offer'd to submit his Accompt to any impartial Men, & give security to pay what they shall find due to them, yet they are so unreasonable that they will not accept thereof, But take Advantage of your Petitioners Latches, and will not be satisfied with any thing less than the said Five hundred Pounds & Cofts, And Prosecute your Petitioner with their Execution, That he cannot go about his lawfull Occasions. Now for asmuch as your Petitioner can have no Remedy at Law, to be reliev'd in the Premisses without a new Tryal, By Reason of his not appearing & Pleading to the said Action, Your Petitioner therefore humbly Prays, That a new Tryal may be granted, & that he will be ready to pay to the said *Cotta &c* whatever shall be found due on a full & fair Hearing, and that in the mean time Execution against him may be suspended &c

Ordered, That the Petitioner serve *John Cotta Jun^r Bethia, Martha & Dorothy Wharton* with a Copy of this Petition, That they may shew Reason, if any they have, why the Prayer thereof should not be granted, on Tuesday next at Ten o Clock Forenoon. And that in the meantime the serving of the Execution be suspended.

Consented to, W^m TAILER.

A Message from the Represent^{ees} by M^r *Elisha Cooke*, M^r *William Payne*, & M^r *Jonathan Remington*, Desiring the Concurrence of the Board with them in the Choice of four new Councillours to fill up the Vacancy, there being that number wanting.

A Message to the Represent^{ees} by *Addington Davenport & Sam^l Brown Esq^r*, That the Board will concur with them in filling up the Vacancies, If they do not see cause to defer it, on Consideration that the Represent^{ees} for the Province of *Main* are not present.

Upon which a Message was sent from the House by M^r *Parsons* & M^r *Epps*, That the Represent^{ees} desire, that the Election of Councillours to fill up the Vacancies be defer'd till Tuesday next at ten o Clock in the morning.

The following Order pass'd in the House of Represent^{ees}, Read, & Concur'd with an Amendment; *viz*:

Upon Reading a Petition of *Stephen William Samuel Williams, Edw^d Dor, John Mayo, John Bowles & John Holbrook* Feoffors in Trust for the Oversight & Management of the free School in the Town of *Roxbury*, Setting forth that the said free School is one of the most ancient & famous Schools in this Province, Where by the favour of God more Persons have had their Education, who have been, & now are, worthy Ministers of the everlasting Gospel, than in any, we may say, than in many
Towns

Towns of the Bigness, in this Province, Whereby (your Petitioners humbly beg leave to suggest) the said Town hath well deserved of the Publick, and the Hon^{ble} General Court were pleas'd at their Session in *October* 1660, so far to consider said School as to make a Grant of Lands towards the maintenance of it in the Terms following, *viz:* The Court judgeth it meet to grant to the Town of *Roxbury* Five hundred Acres of Land towards the maintenance of a free School (an attested Copy whereof is herewith exhibited) w^h Grant your Petitioners cannot find was ever laid out (altho they have made diligent Enquiry) and they are well assur'd It hath never been by your Petitioners; Therefore now humbly pray to perfect & make effectual the pious Intention of the former Grant, by allowing your Petitioners to protract & take up the afore Granted Tract of Five hundred Acres of Land by a Skilful Surveyour & Chainmen under Oath, in any Place within this Province not yet granted, at the Charge of the said School, And present a Plat thereof to this Honour^{ble} Court for their Allowance & Confirmation, for the use & Benefit of the s^d School for ever;

Ordered, That the Prayer of this Petition be granted, Provid'd the said Grant has not been satisfied & laid out heretofore, The Petitioners to present their Plat for Confirmation, at or before the Session of this Court in Autumn next; Provided likewise that it be not taken up between the Purchase of *Moguncoy & Sutton*.

Consented to, W^m TAILER.

This Day being appointed for the Hearing the Petition of Sundry of the Easterly Part of the Town of *Bridgewater*;

Ordered, That the Hearing be deferr'd to Wednesday the seventh of *December* next, and that the adverse Party be serv'd with a Copy of this Order. Concur'd by the Represent^{es}

COLO. *Thaxter* brought up M^r Agent *Dummer's* Letters &c directed to *John Burrel* Esq^r Speaker which he receiv'd in the Recess of the Court: And were all severally Read at the Board.

The following Order pass'd in the House of Represent^{es}, Read & Concur'd, *viz:*

Upon reading the Petition of *John Legg* Esq^r, Cap^t *Edward Brattle*, *Richard Skinner*, *Richard Trevot*, *Eleazer Ingofs*, *John Stacey*, *John Hofman*, *John Palmer* & *Jeremiah Getchel*, a Committee for *Marblehead* in behalf of themself & those whom they represent, setting forth that the said Town of *Marblehead* being of late years by the good Providence of God greatly increas'd, Infomuch that the Inhabitants cannot possibly with any Conveniency assemble together in one Place or House for the Publick Worship of God, and a second or new Meeting House hath for some time been tho't convenient & necessary, Whereupon the Petitioners & their Associates (being mov'd as they trust by a good Principle, & not in the least from any Disaffection to the Rev. Pastour & Church of Christ with whom they have hitherto assembled) on the fifth day of *February* last solemnly agreed upon several Articles referring to the building

building a new Meeting Houſe in the ſaid Town of *Marblehead* for the Publick Worſhip of God, the Advancement of Religion, & the Eaſe & Comfort of themſelves & Families, & all ſuch as ſhall ſucceed them with a particular regard to the Rev^d M^r *Edward Holyoke* for their intended Miniſter, As may be ſeen by a Copy of the Articles of Agreement, Of all which the ſaid Town of *Marblehead* were very well acquainted, and ſo far ſatisfied in, as on the fourteenth Day of *March* laſt paſt to come to the following Reſolutions; *viz:* That the Town gives their Conſent & Liberty to the Undertakers for building a new Meeting-Houſe in this Town, The ſaid Undertakers doing it at their own Coſt & Charge, & the Town as a Town not to be burthen'd or charg'd therewith, Alſo in the Interim until the New Meeting Houſe be built & finiſh'd, M^r *John Bernard* & *Edward Holyoke* be the two Gentlemen of the Miniſtry to help & aſſiſt the Rev^d M^r *Sam^l Cheever* the Miniſter of this Town in Preaching the Word of God to the Inhabitants in their turns, And that the ſaid M^r *Bernard* & M^r *Holyoke* be maintain'd at the Town Charge out of the Publick Treafury of the Town as formerly, or as can be agreed for: — Purſuant to which Articles under the Countenance & Encouragement of the Town of *Marblehead* by their Votes, the Petitioners have with great Diligence & Pains & Expence, raiſ'd & upon the matter finiſhed a large, fair & convenient Meeting Houſe or Church every way fitted for the Uſe & Service before mention'd & intended, & were under juſt Hopes & Expectations that their Fathers, Brethren & Neighbours of the Town of *Marblehead* would according to their good Beginning have gone on & held out in Aſſiſting & Encouraging their lawfull commendable & indeed neceſſary Deſign as aforeſaid, And therefore it is with great Unwillingneſs & Grief of Mind that they are under a Neceſſity of laying their Complaint & Representing their Condition to the Great & General Court, And that at a Town-meeting of the Inhabitants of *Marblehead* on the twenty ſixth day of *September* laſt there was Voted a Salary of Eighty Pounds ꝑ Annum to be paid to the Rev^d M^r *John Bernard* the choſen Miniſter of the Town, ſo long as he remain & continue a Miniſter there, to be paid out of the Town Treafury by Order of the Select Men of the ſaid Town, Againſt which Votes the Petitioners for themſelves & their Associates, who are a very conſiderable number, offered two ſeveral Petitions or Protests in writing, one of which was refus'd to be read, & the other tho' read, had no Answer made to it, contrary (as the Petitioners ſuppoſe) not only to Chriſtian Charity, but to the Rules of common Juſtice, and the Uſage & Practice of Towns in ſuch caſes, So that your Petitioners have very little Reaſon to expect any manner of Relief under their deplorable Circumſtances, unleſs it be from the Hon^{ble} General Court: — Humbly Representing (1) That not only in the Judgment of the neighbouring Towns & People, But in the Judgment of the Inhabitants of *Marblehead* it ſelf, They are grown ſo numerous as to be able comfortably to fill two Houſes for the Publick Worſhip of God, And that in the manner & method of the Eſtabliſhed Churches & Congregations of New England. (2) That the Petitioners humbly hope & believe by the favour of God handſomely & Comfortably to ſupport the Charge of the Miniſtry by & among themſelves, & ſhall be very willing & thankful to be allowed ſo to do. (3) That they have always declar'd themſelves to be & ſtill are willing ſo long as the Rev^d M^r *Cheever* their worthy & faithful Paſtour ſhall live to be at their full Proportion of Charge toward his Honorable maintenance. (4) That they humbly hope that the Hon^{ble} Court will be of Opinion, That ſo ſoon & ſo long as they ſhall ſupport a Miniſter of the Ordinances of the Goſpel by & among themſelves at their own ſole Charge (which will be very conſiderable) they ſhould not beſides & added to all that, be oblig'd to ſupport any Aſſiſtant or Succeſſour to the ſaid M^r *Cheever*; (5) That they doubt not but the Hon^{ble} Court will think it very hard & unreaſonable, When they were firſt encourag'd by a Vote of the Town to build a new Meeting Houſe They ſhould now have that Grant of the Town encumbered & in a Sort defeated by Laying a Burthen upon the Petitioners which was not then ſo much as thought of; (6) That they ſuppoſe it to

be against the Rules both of God & Man, That when they regularly & honourably support an Orthodox Minister of their own, They should be oblig'd to pay any Thing towards the Maintenance of a Minister of another Church, & under whose Ministry they are not to be. And forasmuch as there are several distinct Precincts or Congregations in several Towns in this Province, especially in *Boston*, Where with great Ease Freedom Justice & Cheerfulness they maintain their several & respective Ministers; — That the Petitioners do humbly pray that the Hon^{ble} Court will be pleased to take their Case into Consideration & either make them a distinct & separate Parish or Order the whole Charge of the Ministers of M^r *Cheever's* Church as it is called, & that built by the Petitioners to be assess'd & laid in Common upon the Inhabitants of the said Town attending the said Churches, or allow the Inhabitants or People of each respective Church or Congregation by Subscription or Contribution to maintain their respective Ministers.

Ordered, That the Petitioners serve the Town of *Marblehead* with a Copy of this Petition, That they may shew Reason (if any they have) to this Court on the seventh Day of December next, why the Prayer thereof should not be granted.

Consented to, W^m TAILER.

The Survey of Ten thousand, two hundred & forty Acres of Land being the contents of Four miles Square lying at the South West Corner of the *Hadly* Township, & is describ'd by a Plan there of, And adjoining to the said Township of *Hadly* on the North, on *Connecticut* River Westerly, & on *Springfield* Southerly, by *John Chandler Jun^r*

In the House of Represent^{es} *Resolved*, that the Sum of Fifteen Pounds be allowed & paid out of the Publick Treasury to *Charles Greenfield* the Petitioner in Consideration of his good service to the Publick mention'd in his Petition: In Council; Read & Concurr'd.

Consented to, W^m TAILER.

A Message from the Represent^{es} by *Samuel Thaxter & Joseph Parsons* Esq^r: That the House desire that Matters of the greatest Consequence may be brought forward, That if it be possible they may rise this Week.

Upon Reading the Petition of *Richard Coomes & Hephzibah* his Wife, Daughter & only Child of *Joseph Newell* late of *Roxbury* Mariner Dec'd, Importing that the said *Joseph Newell* in the year 1691, mortgaged his Estate in *Roxbury* to *Florence Macarty* late of *Boston* Butcher Dec'd for the Sum of Twelve Pounds, Conditioned to pay the Sum of Sixteen Pounds & sixteen shillings within the Space of four Years, as appears of Record. Which is after the Rate of Ten Pounds ⁷/₁₀₀ Cent ⁷/₁₀₀ Annum, When the Land at the least Value is worth Three Hundred Pounds, And that he soon after it went to Sea & died, And that not long after the said *Joseph Newell's* Decease, the Petitioner *Hephzibah* was born, & the Mortgagee by Contrivance prevail'd with & over persuaded the Widow the Petitioner *Hephzibah's* Mother to sell & convey the Land by Deed to him, & took Possession of it accordingly before the four Years limited in the Deed of Mortgage was expired, & put his Deed on Record, & held

held his Possession untill the Petitioner *Hephfibah* came of Age, When she understood the illegal Proceedings in Conveying her Inheritance from her, That she had a Tryal at the Inferior Court held at Boston in April 1713. Where the said *Florence Maccartys* Heirs produced their Deed of Sale & were cast. After which Tryal the Mortgagee proved the said Mortgage, & enter'd it upon Record, when it had been hid for more than twenty Years before, And by Virtue thereof obtain'd a Verdict upon his Appeal to the Superior Court, Whereupon the Petitioner review'd having first tender'd to the Heirs of the said *Florence Maccarty* more than sufficient to pay both the Principal & Interest Money in Current Silver Money, ready in the Court to have taken up the Mortgage, But it was said it was too late; And the Court would give no Relief in the Premises, the Mortgager having made Default & the Mortgagee being in actual Possession thereof, & had Possession beyond the Time limited by Law, That Judgment was given against the Petitioners, Which is to their utter Ruine, And this not thr^o any Default, He being beyond Sea, imprefs'd & detained on board one of His Majesty's Ships of War in *Barbadoes*, In which Service he died before the time of Redemption was expired, nor can it appear to be a Default in the Petitioner *Hephfibah*, she being an Infant, That notwithstanding the Mortgagee has been at no more charge than the Twelve Pounds, & a Yearly payment of five Pounds to the Mother of the said Mortgager which the Land stood charged, & some small charge of Fencing &c. Humbly Praying the General Court to take the Premises into Consideration, & allow them their just Right of Redemption.

In the House of Represent^{es}; Voted, that the Petitioners ought to have the Equity of Redemption, Inasmuch as the Mortgage made to *Florence Maccarty* by *Joseph Newell* father of the Petitioners was not recorded untill April the seventh 1714, By Reason whereof they were defeated of the Benefit of an Act entituled *An Act for hearing & determining Cases in Equity* made & pass'd the tenth of William the third &c. And that they be empower'd to file a Bill for their Right or Equity of Redemption in the next Court or Courts of Law proper to hear the same.

Upon Reading the Petition of *Isaac Woono* & *Joshua Shanton* Agents in Behalf of *Ketticut* an ancient Indian Town or Plantation always inhabited by Indians, W^h lyeth between *Taunton Middleborough* & *Bridgewater*, & have had the Gospel preached to them by an English Minister many Years at times, but constantly by an Indian Minister, Importing, that their English Neighbours of *Bridgewater* did some years pass'd disturb them by laying Claim to their Town or a considerable Part thereof

under

under pretence of some Grant or Purchase, where upon there was Application made to the Great & General Court in the Year 1703. Upon which the Court were pleas'd to order a Committee to meet at *Barnstable* to consider of the Matter, that the said *Woono* was at the said Meeting, but for want of Copys of some Records & a true Understanding of the English Laws, The Committee drew up a Report not altogether in their favour, upon which M^r *Mitchell* of *Bridgewater* takes advantage thereby to Claim the best part of our said Indian Town & gives us Trouble at Law, W^h they suppose to be contrary to the Intent of the General Court, when they accepted the Report of the said Committee, W^h could be no otherwise than that *Bridgewater* should have the full Extent of your Grant, Which was six miles South of *Ketticut*, which is their Center to *Ketticut River*, Which plainly appears by the *Bridgewater* Grant, By which the Indian Lands were reserv'd to them, W^h was likewise done in Taunton Grant long before. That the said M^r *Mitchel* does prosecute them at law for the greatest part of their Town. That he by a Petition to the General Court got the Bounds of *Plymouth* & *Bristol* Counties unsettled for no other Reasons but to prosecute us at Law, That the General Court were pleas'd so far to favour him as to appoint a Committee to go & examine into that Affair; Humbly Praying that they may be continued in *Bristol* County from whence they have their English Minister, & that the General Court will be pleas'd to take their Case into Consideration & not suffer them & their Families to be utterly ruined by Depriving them of their Lands &c.

In Council; Read & Referred to the first Fryday of the next Sessions. In the House of Represent^{ts} Read & Concur'd.

Consented to, W^m TAILER.

Upon Reading the Memorial of *Edmund Quincey* Esq^r for & in Behalf of the Town of *Brantrey*, Importing, That the General Court at their Sessions held in May 1714. in Answer to a Petition prefer'd by the Memorialist in Behalf of said Town, Praying that a Surveyour might be appointed to protract & lay out Six thousand Acres of Land granted by the General Court *October* 1666 to the Inhabitants of *Brantrey* limited to one Place, not prejudicing any Plantation or particular Grant &c.

Ordered, that the Prayer of the Petition be granted, and M^r *Sam^l Jones* Jun^r of Concord (being propos'd by the Memorialist) was appointed to survey & lay out the said Grant, Provided the Land be taken up in *Middlesex* County, If in the County of *Suffolk* *John Chandler* Esq^r was to be Surveyour, as best knowing in their own Counties, The Plat when taken to be presented to the Court for Confirmation, as by the Records will more plainly appear, That for as much as the said *Samuel Jones* tho' requested, neglected & delayed to attend the Service aforesaid, and it being uncertain Whether the said Land lies in the County of *Hampshire* or *Middlesex*, So that the same not being to be found in the County of *Suffolk*, the Memorialist did not apply himself to *John Chandler* Esq^r, but prevail'd with M^r *William Ward* of *Marlborough* Surveyour, to survey & lay out the said Six thousand Acres of Land, who being upon Oath with the Help & Assistance of *Daniel Livermore* & *Gershom Ward* Chainmen (who were also sworn before M^r Justice *How*) laid out the same in the Angle between the Towns of *Brookfield* & *Rutland*, As plainly appears by the Plat thereof now presented; Humbly Praying that for the Considerations aforesaid the General Court will please to ratifie & Confirm to the Town of *Braintree* the said Six thousand Acres of Land according as it is protracted & laid out by the said *William Ward* in & by the Plat now presented for Confirmation, It no way prejudicing any Plantation or particular Grant, as the Memorialist is credibly informed.

Brantrey Six thousand Acres of Land lying in the Angle between *Brookfield* & *Rutland* is thus describ'd in the Platt: viz:

A a Pine Tree being *Brookfield* Corner. B a heap of Stones
G a Point, Survey'd by *William Ward*.

In the House of Represent^{es} Ordered, that the Plat on the other side be accepted, & the Land therein describ'd be confirm'd to the Town of *Brantrey* in Fulfilment of a Grant of Six thousand Acres made to them the Eleventh of *October*, 1666. by the General Court, Provided it interfere with no former Grant, And that this Court annex the said Lands to such Town as they shall think proper hereafter.

Upon Reading a Petition of the Inhabitants of the Westerly Part of the Blew Hills within the Town of *Dorchester*, commonly call'd the New Grant, Importing, That they live very remote from any Place of Publick Worship, The nearest being about six miles distant from *Dorchester Dedham & Milton*, Were upon that account very uneasy & Petitioned the Town of *Dorchester* that they might be sett off a Precinct by themselves, Whereupon at a Meeting of the Town of *Dorchester*, on the twelfth Day of *May* 1707. they did by a Vote manifest their Consent thereto. And that the Petitioners should be impowered to agree with & settle an able Minister among themselves, & to raise a Tax to defray the Charges of Building their Meeting-House, & Maintenance of their Minister &c. And chose a Committee, who with the Petitioners on the tenth Day of *June* following agreed upon the Place where the Meeting House should stand & now stands, & what should be the Bounds & Limits of their Precinct, as by the Committees return may appear, And moreover the Town of *Dorchester* gave the Petitioners about thirty Pounds towards Building their Meeting House, That upon this Encouragement the Petitioners sett about building their Meeting House, And in *May* 1708. petitioned the General Court for Confirmation of what was done, & to impower them to do such other Acts as might be agreeable to the Laws &c. Which pass'd in the House of Represent^{es}, But was Non-Concur'd in Council, That they have improv'd [*employ'd?*] the Rev'd M^r: *Joseph Morse* as their Minister

Minister for above these eight years, but not ordain'd, nor the Petitioners enabled to levy a Tax for his Support, Which lays them under very great Inconveniencies for want of the Gospel, & as to the Ministers Support, Which falls heavy upon some while others refuse to pay any thing at all, Humbly Praying that the General Court will please to Confirm the said Town Vote & the Doings of the Committee thereupon, and that they may be a distinct Precinct & Impower'd to choose fit Persons among themselves to assess & Levy a Tax for the Support of their Minister & Defraying other Charges, & to do such other Acts as may be agreeable to the Laws &c.

In the House of Represent^{es} Ordered, that the Prayer of this Petition be granted so far, That a new Precinct be constituted & sett off with all the necessary Powers & Privileges used & exercised by Precincts for the Maintenance of the Gospel Ministry agreeable to the Limits & Conditions express'd in the Report of the Committee appointed by the Town of *Dorchester* for that End, & which is signed by *Samuel Clap*, *Samu^l Topliff* & *Samuel Wales*. Upon Reading the Petition of *Richard Car* of *Salisbury* in the County of *Effex*, Mariner, Importing, That about the Year 1687, The then Governour & Council were pleas'd to grant Liberty to *Lieu Col^o March* to keep a new Ferry over the lower Part of *Merrimack River* between *Newbury* & *Salisbury*, During their Pleasure, W^h Ferry has been since continued & of late settled by the Quarter Sessions of the said County upon the Towns of *Newbury* & *Salisbury*, both which are in Prejudice of a Grant formerly made by the General Court to M^r *George Car* the Petitioners Father, and have been & now are very injurious to his Heirs, and humbly Prays that Justice may be done him. To which End he offers the following Particulars; viz: That there was by Order of the General Court, a Covenant made between the Court of *Salisbury* & M^r *John Car* the Petitioners Father, about building a Float Bridge over *Merrimack River* &c And Confirm'd by the General Court Anno 1650 & 1660, & therein an ancient Grant of the whole Ferry or Ferrys between *Newbury* & *Salisbury* was conditionally made to the said *Car* & his Heirs; that the Covenant on the said *Cars* Part was fulfilled to the Satisfaction of all, as appears not only on Record, But also in that there was never any Objection made against him, nor can there be justly at this time, That in Fulfilling this Covenant the said *Car* was at more than Three Hundred Pounds expence in first Building the Bridge & other Accommodations for the Ferry, And that in the Settlement of the said *Car's* Estate, This Grant & Privilege was apportioned & apprais'd to his Heirs *James* & *Richard* (the Petitioner) at near Four hundred Pounds; That the Granting or Settling a Ferry between
Newbury

Newbury & Salisbury or any others was a Breach of Covenant on the Countrey's Part, & contrary to the Intention & Meaning of the Covenanters on both Sides, & a manifest Illusion to said *Car* & his Heirs; That the said *Car* would not have been at so great a Charge, had he thought that a Ferry but a little below him would have ever been Granted to any other, Which would spoil both the Custom & Profit of that which was attended with so great a Charge, as it hitherto hath been, almost to the undoing of us to whose Lot this Part of our Fathers Estate fell, Who for being kept out of our Right are damnified at least Fifty & Sixty Pounds a Year, That it cannot be supposed the General Court made any Reservation to the Contrary, but that the true Intent & Meaning of their Grant & Covenant was the said *Car* & his Heirs should have the sole Benefit of Ferry or Ferrys between the two Towns aforesaid, w^h is evident, in that the other Ferry below was put down as soon as the Bridge was finished, And that when another Ferry was thought needful some miles above the Ferry, The General Court judged it just to give the said *Car* the Offer & Grant of it Anno 1669. And at the same time declared it was needful so to do to make good their ancient Covenant with him, And that if any other Ferrys should be thought useful for the Countrey within the aforesaid Limits, the s^d *Car* should have the Refusal of keeping them, That when the lower Ferry aforesaid was first sett up, The Offer of it was never made to M^r *Car*'s proper Heirs of that Right, Neither had they both the Refusal of it, That what ever was proposed to the Petitioner about it was not rejected. That he only objected against some Proposals, which he supposed he had just Reason for, as being contrary to the ancient Grant & Covenant, That the first Grant or Permit to keep the lower Ferry aforesaid to Coll. *March* was only during Pleasure, That it can be no Prejudice or Detriment to the Countrey nor any Person what soever, now to grant & settle it on them to whom it of Right belongs; That the late Settlement by the Sessions of a Ferry at the same Place upon the two Towns aforesaid was done without the least Offer to either of the Heirs or the said *Car* or Giving them any opportunity of Setting forth their Right or Speaking for themselves, & contrary to the Grant & Covenant according to which the Ferry was not to be kept by *Newbury & Salisbury* till the aforesaid Bridge fell down, and then no longer to continue so, but till it should be rebuilt by the said *Car* or his Heirs; That it is of necessity that that Ferry should be kept up, where & for which the Bridge was built for the publick Benefit of the Countrey, Because it is impossible to keep or pass the lower Ferry at all Times, & very hazardous for a great Part of the Winter, tho' it may be convenient in the Summer, when it draw away all the Custom & Profit of the old ferry; That the Petitioner supposes it just & reasonable, that he who keeps up the old Ferry of necessity for the publick Good sh^d have the Benefit & Profit of the new Ferry, W^h is only for the Conveniency of some Persons & at some times, to support & maintain at an extraordinary charge that which is kept of necessity, That he humbly offers these Considerations to the General Court, Humbly Praying that the aforesaid Ferry over the lower part of *Merrimack River*, may be either wholly put down, or settled according to the aforesaid Grant & Covenant with the said *Car* & his Heirs, or that the Refusal of keeping the same, at the same price at which it is now kept may be given to the Petitioner.

In the House of Represent^{es}; Ordered. That the Petitioner serve the Towns of *Newbury & Salisbury* with a Copy of this Petition, That they be heard there upon before this Court, upon the second Wednesday of the Session of this Court in May next, If they have any thing to object, Why the Prayer thereof should not be granted.

In Council; Read & Concur'd.

Consented to, W^m TAILER.

UPON Reading a Petition of several of the Inhabitants of *Hatfield*, Importing, That they have humbly offered a Petition to the General Court for Relief from the Grievances they lye under from the Impositions of their Neighbours of *Hadley* upon them, which Petition is still depending, That they are inform'd that some of the General Court are of Opinion, That tho' there may be reason to release the said Town of the Burthen complain'd of, yet the Altering the Bounds of Townships may prove matter of future Inconvenience, That they now renew their Petition, setting forth the Hardships they ly under in Paying their Proportion of Taxes to the Township of *Hadley*, not only for the Province but the Ministry also, & all Town Charges, tho they partake of no Town Privileges, That they are of the same Opinion with their Neighbours, that all their Lands on the West side of the River may be assigned to pay their Proportion of all Town Charges to & with the Township of *Hatfield* forever, Altho' their dues there upon will be greater than at present to *Hadley*, their accommodations being double in Value, If the Lands petitioned for be annex'd to them, Inasmuch as they enjoy the Ministry & all Town Privileges in Common they think it reasonable to be at an equal Expence with them in supporting them. Praying humbly Relief.

In the House of Represent^{es} Read & Ordered, that *John Pynchion* Esq^r M^r *Luke Hitchcock* M^r *John Ashley* be a Committee to whom this Petition is refer'd, to consider the subject matter & Allegations, and make Report what they think proper to be done thereon at the Session of this Court in *May* next.

That the Petitioners or Complainants had no sufficient Ground of Complaint in Manner as sett forth in their Petition to the General Court.

A Report of the Committee relating to *Sudbury*.

In Obedience to the Order of the Great & General Court or Assembly, We the within named Committee have been at *Sudbury*, & have view'd the several Places shewn to us by the Inhabitants on the West Side of the River for Setting up a New Meeting House & are of Opinion that a Place called Poplar Swamp Gutter on the West Side of the said Gutter & on the North Side of Lancaster Road between the 1st Gutter & Heart Pond is the most convenient Place for Erecting the said Meeting House. We have also heard the Inhabitants on both Sides the River referring to the way of Supporting the Ministry; The Inhabitants on the East Side are willing to give one Half of the Land in *Sudbury* to make the West Precinct, & so each maintain their own Minister, Which the Inhabitants of the West Side of the River do refuse, & instead thereof propose to build a Meeting House at their own Charge & settle a Minister, And that the Ministry on both Sides the River be supported equally by the whole Town: The said Committee do also report that there is a new School House erected on the West Side just by the River, Which may accommodate at present the whole Town, all which is humbly submitted:

Upon

Upon Reading the Petition of *Cord Wing*, Ship wright, Son of Cpt. *John Wing* of *Boston* Mariner Dec^d. Importing, That at the Inferiour Court held at *Boston* in *January* 1711. *Sarah Tomlin* as Executrix to the Will of her former Husband *John Street* Dec^d; And as Administratrix to the Estate of her late Husband *Thomas Tomlin* Dec^d. Intestate recovered two Judgments. And again at the Superiour Court held at *Boston* in *May* 1712. as Executrix aforefaid obtain'd a third Judgment, all against the Estate of the said Cpt. *John Wing* Dec^d. The several Sums by her recover'd including Costs of Suit amounting in the whole to the Sum of One hundred forty six Pounds or thereabouts, That three several executions issued out upon the said Judgments in the Month of *December* 1712. That on the twenty fifth Day of the said Month the Sheriff of *Middlesex* levied the same upon a Parcell of Upland & Meadow lying in the Township of *Worcester* shewn by the said *Sarah Tomlin* to be the Estate of the said Cpt. *John Wing* Dec^d, Which Land with all the Estate which he died seiz'd of in *Worcester* aforefaid was apprais'd at the Sum of One hundred & fifty two Pounds, seventeen penny half penny weight and being reckon'd just enough to satisfie the said Executions & Charges thereupon. The said *Sarah Tomlin* accepted the same in Satisfaction thereof accordingly & paid the Sheriff his Fees; That he has Reason to think that neither the Sheriff himself nor the Appraisers knew of all the Estate, which the s^d Cpt. *John Wing* died seiz'd off in the Town of *Worcester* (altho' it be so express'd in the Apprizement in very ambiguous terms) for that really the Estate of the said Cpt. *John Wing* in *Worcester* is worth at least Five hundred Pounds, That he has tendered her the aforefaid Sum of One hundred & fifty two Pounds with Interest thereof from the time that the said Executions were levied upon the said Estate, in order to free the same from the Incumbrance aforefaid; That the said *Sarah Tomlin* relying on the Sheriffs returns, & the Appraisers Doings as aforefaid, utterly refuses to accept the Sum offered her, & to release & quit her Claim in the said Estate unjustly holding Possession thereof, That he is without Remedy in the Law without relief from the General Court, and must loose an Estate worth above Five hundred Pounds (which was apprais'd by Men most certainly ignorant of the Quantity of Acres or the intrinsic Value thereof) at no more than One hundred & fifty two Pounds; That all the Estate of the said Cpt. *John Wing* was given to him by his last Will & Testament; Humbly Praying that the General Court please to take the Premisses into Consideration. That the said Estate may be confirm'd to him & his Heirs for ever, Pursuant to his Father's Will, upon his paying to the said *Sarah Tomlin* the principal Sums which she recovered against his said Father's Estate, together with the Costs of Suit & Sheriff Fees & other Charges with the Interest of the whole, For that the said *Sarah Tomlin* has been at no Expence to improve or increase the Value of the said Estate &c.

In Council; *Ordered*, that the Petitioner serve the adverse Party with a Copy of this Petition that they may be heard before this Court on the second Fryday of the next Sessions, If she hath any thing to object why the Prayer thereof should not be granted.

In the House of Represent^{ts} Read & Concur'd.

Consented to, W^m TAILER.
